Sir/Madam,

AICTE has developed a model curriculum containing mandatory internship (500 hours for Diploma and 700 hours for Degree in six months). Pursuant to this, AICTE as well as institute has to promote Internship opportunities among students studying in all years as well as pass out so that our dear students can become employable and/or self employable. For this, AICTE has prepared an internship opportunity portal for both diploma and Degree students and Industry etc. After completion of internship, an online certificate will be generated. Internship may be some monthly stipend or otherwise depends upon industry policy.

Therefore, you are kindly requested to send below link to all the students in their email id studying in all years as well as pass out students for Diploma as well as Degree students except PG programme so that students can apply online for internship with the help and by endorse of institutions (AICTE is also planning to connect with students and institutes through webinar). Students can also register in NEAT platform for paid online employable courses equivalent to Internship.
