at  
**Vasudhara Dairy, Chikhali , Alipor**

11 April 2019

## Details of Industrial Visit

**Name of industry:** Vasudhara Dairy

**Date of Visit:** 11-04-2019

**Name of department:** Environmental Engineering

department **Number of Participants:** 35 students (Sem 6)

+ 1Faculties

### **Objectives of industrial visit:**

- To demonstrate various waste generating unit operation and processes in Dairy industries.
- To explain the importance and working of effluent treatment plant.

### **Event description:**

The Department of Environmental Engineering organized an industrial visit to Vasudhara Dairy Chikhali, Alipor 4th April, 2019. The visit was organized for six semester students of Environmental engineering department. The visit comprised 35 students and were accompanied a faculty members Prof. Monali. H. Patel

The students and faculty member were welcomed by Plant supervisor, and were briefed about the safety measures to be followed during the industrial visit. Further, he gave a detailed explanation to the students about the entire process from the collection of milk to obtaining final product and its packaging. Students also visited the effluent treatment plant and observed the processes being carried out in different stages. The visit proved to be fruitful for the student and satisfied its objective of demonstrating various unit operation and unit processes and understanding the working of effluent treatment plant.
