CIRCULAR

Finishing school training program is an excellent initiative taken by Education department, Government of Gujarat in order to imparting strategic training and development on student's skill of Higher and Technical Education to make them Industry-ready. It is an excellent move to enhance the employability of students within nation as well as global industries. This is a non-formal designed short-term training on Life Skill, Employability Skill and English Functional Skill having the prime objective is to train the fresh under graduates according to industries need and to improve student's life and Employability.

In this context, since the academic year 2016-17, almost 11 batches (442 students) have been benefitted by this training program at Government Engineering College, Valsad. However, due to nationwide spread of novel coronavirus (COVID-19), Finishing school training was also affected and hence, no training was arranged since last 8 months. In order to combat this situation and to make capacity building for the students, Education department, Government of Gujarat is launching online Finishing School training on 9th November, 2020. This online mode training is a well-structured, covering all important topics in a four different sets (SET-A, SET-B, SET-C, and SET-D). The details syllabus of all sets is available for students on website (www.gecv.ac.in). Each set is having 20 hours training that will be completed in 10 days and for each batch all four sets should be completed having 80 hours training.

In line with aforementioned importance of said Finishing school training, all the final and pre-final year students of GEC, Valsad are hereby, informed to register the participation in this new designed finishing school training program in online mode. For the academic year (2020-21), tentatively three batches are being planned (each of 40 students). The tentative number of students from each department is suggested as follows:

S. No.	Department	No. of Students
1	Civil Engineering	20
2	Chemical Engineering	30
3	Environmental Engineering	20
4	Electrical Engineering	20
5	Mechanical Engineering	30

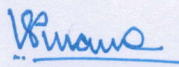

It is to inform that after the launching of the online finishing school program, dates and schedule for the first batch training for GEC Valsad will be decided. This online finishing school training is planned to arranged two hours daily without affecting normal academic routine and forthcoming exams. Further, fees for participating of selected students in this online finishing school training will be paid by the institute and hence it is informed to register within stipulated time (5.00 PM, 5th Nov 2020) by filling up a Google sheet through given link. Kindly note that there is a limited number of seats available as shown above and department has to identify the student for the first online batch from among the applicants.

The success story and students feedback on accomplished Finishing schools training at GEC-Valsad is amazing (<https://www.gecv.ac.in/finishing%20school.php>) and the learning is found helpful for the students for their career during the mega placement camp. I am sure that the participation in finishing school training will help to develop the skills such as mindset, positive attitude, communication, confidence etc. and will lead students towards their successful career.
